WILLIAM'S CLASSIFICATION
 William's classification of the types of the human mind is based on the degree of development of the faculties of the mind. He divides the human mind into three types: the *idiot*, the *feeble-minded*, and the *normal*. The *idiot* is a person whose mind is so defective that he is unable to learn from experience. The *feeble-minded* is a person whose mind is so defective that he is unable to learn from experience. The *normal* is a person whose mind is so developed that he is able to learn from experience.

the program, which is a 100-hour course. The program is designed to provide students with a solid foundation in the field of health care, and to prepare them for a variety of careers in the field. The program is designed to be flexible, allowing students to complete the program in as little as two years, or as long as four years, depending on their schedule and the number of credits they take each semester. The program is designed to be challenging, and to provide students with a variety of opportunities to learn and grow. The program is designed to be a valuable experience for students, and to prepare them for a successful career in the field of health care.
